NGO “Young Initiative”

SINCE 2011

FROM THE FIRST DAY OF THE INVASION

Since 24 February 2022, we have been organising humanitarian support for the residents of Kherson region.

Our organisation coordinates and cooperates with several local support centres in the Kherson region (Kherson, Skadovsk, Kakhovka, Brylivka, Lazurne), providing humanitarian aid to the victims of the hostilities: food, transportation, and medicines.

Establishment of the cultural center "About the South" - creation of a cultural center in Lviv specializing in preserving the cultural heritage of the south and providing cultural, psychological, humanitarian and other assistance to IDPs

April 2023 - to date

implementation of a joint project with the Department of Tourism of the Lviv City Council "The City Heals"

A man in a dark green puffer jacket and wheelchair is taking a photo with his smartphone. He is standing on a sidewalk next to a long, dark, corrugated metal railing. In the background, there are several people, including one in a military-style jacket, and a large, multi-story yellow building with many windows. Bare trees with some brown leaves are visible on the left side of the frame.

The city heals

Project in partnership with the NGO "Young Initiative" and Lviv City Council

"The City Heals" is a municipal program for the social and cultural rehabilitation of military personnel undergoing treatment or rehabilitation in medical facilities located in the Lviv city territorial community.

Thanks to a specialized car donated by the city of Shilute (Lithuania), volunteers and activists of the NGO "Young Initiatives" were able to provide social taxi services to veterans of the Russian war against Ukraine during 2023-2024, helping them attend cultural and other events organized by the Lviv City Council.

The project includes free transportation and escort to and from events:

- Group and individual city tours by Lviv guides
- Museums, theater performances, concerts, movies

The first Excursions

The military's
impressions of the tour:

- rebooted
- practiced using prostheses and limbs
- raised the mood and morale

How to inform

You can find out about the current program offers and order a free tour, museum ticket, theater performance, etc:

- From booklets distributed in medical institutions.
- By calling a special phone number +38 (067) 673-91-94 Lviv Tourist Information Center
- On the official tourist website of Lviv lviv.travel

Expanding the project's capabilities and opening new areas

In addition to the social taxi, we plan to expand the project to include the following additional services:

- Temporary accommodation for military families in Lviv.
- Services of military lawyers who will assist with the preparation of the necessary documentation.

Needs for project expansion:

Now we need to expand the project to reach more people in need. To do this, we need:

- 2 cars for people with disabilities.
- Approximately 50 thousand euros per year to provide accommodation for families of war veterans, services of military lawyers and 2 jobs for drivers from among war veterans.

We are currently negotiating with donors and charitable organizations.

Thank you
for your
support!

Ukraine!
